HANDY

The *EURO-500 T/TX HANDY* cash register belongs to the family of portable cash registers. It is light and compact. The *EURO-500 T/TX HANDY* is designed for smaller businesses, easily transportable from one sales area to another, and can be easily moved to areas as a substitute cash register in case of power failure. In spite of its small dimensions it is technically a very well equipped cash register offering great flexibility with connectivity to many peripheral devices. The *EURO-500 T/TX HANDY* provides several managerial functions and reports. It supports completely a national or native language and its special characters. Both programming and reports are in native languages.
